

June 2022

Dear Varndean Families

**Enrichment week: Environmental Challenges**

While specific letters have been given out for the trips, I just wanted to give you an overview of the whole week for the Environmental Challenges students.

Monday - The Deneway with the Sussex Wildlife Trust - separate letter gone out

Tuesday - In school practical activities

Wednesday - Rockpooling (joint with the Science Week enrichment group) - separate letter gone out

Thursday - In school practical activities

The Sussex Wildlife Trust have contacted me and asked if possible could the students each bring their own mug (for a hot drink) as part of the forest school session on Monday. All other information for the day is in the previous letter. Any questions please don't hesitate to contact me on [ciaramcginley@varndean.co.uk](mailto:ciaramcginley@varndean.co.uk)

Kind regards

Ciara McGinley  
Science Teacher
