EZY8326 - 14/07/2022 - CDG - LGW - 20:55/21:00

****Checked in Hold Luggage of 15kg Per Person Is Included****

All travellers should familiarise themselves with the entry rules for France before travel.

If you're fully vaccinated

From 31 March 2022, fully vaccinated (see 'Proof of vaccination status' below) travellers from the UK aged 12 and over must provide proof of vaccination.

Further information can be found on the [French Government's website](#) (in French) and the [French Embassy in the UK's website](#) (in English). **You are asked to complete the [EU-PLF form](#) (passenger locator form) before boarding or upon arrival in France.**

Proof of vaccination status

France will accept the UK's proof of [COVID-19 recovery and vaccination record](#) at the border. The French Government recognises any vaccination certificates that conform to EU norms. This means your **final dose must have been administered at least 7 days prior to travel for Oxford/AstraZeneca, Pfizer/BioNTech, Moderna or 28 days after a second dose of Johnson & Johnson.** **For details on how to demonstrate your COVID-19 status in domestic settings in France, see the [Coronavirus page](#).** Your NHS appointment card from vaccination centres is not designed to be used as proof of vaccination and should not be used to demonstrate your vaccine status.

For travellers aged 18 and over, France will recognise you as 'vaccinated' for entry purposes if you completed your initial vaccine course within the last 9 months. If more than 9 months have elapsed since your initial course, and you have not since received a booster, you will be considered unvaccinated and must follow the rules detailed below. Travellers under 18 years old do not require a booster for entry to France.

If you're not fully vaccinated

From 31 March 2022, travellers from the UK aged 12 years and over who are not fully vaccinated need to provide:

- **A negative PCR test result taken within 72 hours or an antigen test result taken within 48 hours pre-departure.**
