

1st July 2022

Dear Varndean Families,

I hope you are well.

Please find attached the final plans and arrangements for the Paris trip

1. In regards to Covid vaccinations and testing; those who are fully vaccinated will need to bring proof of vaccination. Those who are over the age of 12 and not fully vaccinated will need to provide proof of a negative covid test. Please see information below from the gov.uk website (<https://www.gov.uk/foreign-travel-advice/france/entry-requirements>)

If you're fully vaccinated

From 31 March 2022, fully vaccinated travellers from the UK aged 12 and over must provide proof of vaccination. We have been advised by our travel agent that if a child aged 12 and over has had a first and second dose of the vaccine they are considered fully vaccinated.

Further information can be found on the [French Government's website](#) (in French) and the [French Embassy in the UK's website](#) (in English).

You may also be asked to complete the [EU-PLF form](#) before boarding or upon arrival in France.

Proof of vaccination status

France will accept the UK's proof of [COVID-19 recovery and vaccination record](#) at the border. The French Government recognises any vaccination certificates that conform to EU norms. This means your **final dose must have been administered at least 7 days prior to travel for Oxford/AstraZeneca, Pfizer/BioNTech, Moderna or 28 days after a second dose of Johnson & Johnson.** For details on how to demonstrate your COVID-19 status in domestic settings in France, see the [Coronavirus page](#). Your NHS appointment card from

vaccination centres is not designed to be used as proof of vaccination and should not be used to demonstrate your vaccine status.

Further information

If your vaccine certificate shows a different name to your passport (e.g. marital / birth name), please also carry any supporting documentation (e.g. marriage certificate) when travelling.

Check our COVID-19 advice on things to consider, and be prepared to stay overseas longer than [planned](#).

If you're not fully vaccinated

From 31 March 2022, travellers from the UK aged 12 years and over who are not fully vaccinated need to provide:

- A negative PCR test result, taken within 72 hours or an antigen test result, taken within 48 hours pre-departure.

Further information can be found on the [French government's website](#) (in French) and the [French Embassy in the UK's website](#) (in English).

You may also be asked to complete the [EU-PLF form](#) before boarding or upon arrival in France.

You should not use the NHS testing service to get a test in order to facilitate your travel to another country. You should arrange to take a [private test from a private coronavirus testing provider](#). Test results must be certified by an approved private test provider to be accepted.

2. ALL passengers will need to complete a Passenger Locator Form, regardless of vaccination status. Please complete this form for your child and print off a copy for them to bring. If you are unable to print this at home, we will happily do so for you, providing we have it emailed to us by Thursday 7th July 12pm. Please see attached link for the PLF <https://app.euplf.eu/#/>

Due to the strict nature of documentation required to travel, we will check all students have the correct paperwork before we depart for Gatwick.
