

21st February 2022

Dear Varndean Families

Rainforest Discovery Workshop

On Thursday 24th February we will be holding a 'Rainforest Discovery' workshop for all Year 7 students. During the event students will be developing their knowledge of ecosystems, looking closely at animal life, their adaptations and the threats they face in today's world.

As part of the workshop, we have been fortunate to secure a visit from ethical animal encounter company [ZooLab](#), who will be bringing in some small animals as part of an educational workshop. Students will look closely at different species, how they have adapted to life in the rainforest, the human impact on their environment and how conservation efforts play a vital role in their futures.

Should your child have any allergies you feel we should be aware of in this regard, please let us know by emailing school@varndean.co.uk before Thursday.

We hope the workshop will prove to be an engaging and memorable learning experience for our students, further linking enrichment opportunities with our curriculum.

Best wishes

Lloyd Durbin
Acting Head of Geography
