

June 2022

Dear Varndean Families

Enrichment week: Monday 11th July

The Environmental Challenges group will be attending a Bushcraft and Sustainability day with the Sussex Wildlife Trust at the Deneway.

We are meeting at the school in D11 at 9am. We will walk as a group to the Deneway ready to start our session at 10am. The walk is roughly 25-30 minutes. The session will run until 2pm and we will walk the students back to the school and they can leave at 2:45.

The students need to bring a packed lunch and water for the day. Please email ciaramcginley@varndean.co.uk if your child is entitled to Free School Meals and you require a packed lunch to be provided by the school. They should also wear appropriate footwear and clothing for being outdoors - ones they don't mind getting a bit muddy or smokey! We encourage them to bring/wear suncream.

Any questions please contact ciaramcginley@varndean.co.uk

Kind regards

Ciara McGinley
Science Teacher
