

June 2022

Dear Varndean Families

**Rock Pooling, Wednesday 13th July**

During enrichment week we have arranged to take the Science and Environmental Challenges students for a joint rockpooling day on **Wednesday 13th July**. The activity will take place at the rockpools by the undercliff path, the other side of Brighton Marina.

The students are expected to meet us at the Marina Hollywood Bowl car park at **9:30am**. At 9:45am we will walk as a group to the rockpools (approx 10 minutes). I have attached a map of the meet point and instructions for public transport directions on the next page. The finish time is 2pm at the Hollywood Bowl car park. The students can either be picked up or they can be dismissed and make their own way home from 2pm. Please email [ciaramcginley@varndean.co.uk](mailto:ciaramcginley@varndean.co.uk) if you give permission for your child to leave the marina by themselves.

The students need to bring a packed lunch and water for the day. Please email [ciaramcginley@varndean.co.uk](mailto:ciaramcginley@varndean.co.uk) if your child is entitled to Free School Meals and you require a packed lunch to be provided by the school. They should wear/bring suncream and dress appropriately for being outside and active all day. The rocks will be slippery in some places, so they need to wear shoes with grip i.e. wellies, beach shoes or walking boots.

Any questions please contact [ciaramcginley@varndean.co.uk](mailto:ciaramcginley@varndean.co.uk) or [laurabush@varndean.co.uk](mailto:laurabush@varndean.co.uk).

Kind Regards

Ciara McGinley  
Science Teacher
